

This PSGW meeting will focus on co-authoring in grad school. Topics will include the following:

1. How to identify and develop opportunities for collaboration
2. Tips/norms/suggestions for successfully working with faculty
3. Process/timeline for developing projects

We would like to collect questions/topics you would like our speakers to address in advance. We will anonymize the questions and share with our panelists. Please send them our way!

The session will take place in the Ogg room from 12:15-1:30pm, on 2/24 Friday. One faculty from each sub-field and an advanced grad student will join us as panelists. Lunch will be served.
